

Starke Arvid Platform Truck Mini 8

Turns on its own radius with a 1000 kg load

If you are looking for an all-round platform truck that knows how to swing then you need look no further than our Mini 8, a versatile truck that negotiates rough surfaces, narrow passages and tight corners with ease. It has a load capacity of 1000 kg and doubles up as a portable workbench.

The Mini 8 is ideal for transporting materials and equipment in and out of the building.

Product Features

The Mini 8's versatility stems from the 4-wheel steering, that is to say that both wheel pairs swivel, enabling it to turn on its own radius. High safety level thanks to the adjustable parking brake, which engages when the handle is pushed up or released down to the dead man's grip position. The detachable corner posts allow the stacking of bulky material.

- **Can make its way anywhere with a load capacity of up to 1000 kg**
- **4-wheel steering that minimises the swing radius**
- **Adjustable parking brake for improved safety**
- **Detachable corner posts that allow stacking**

Platform Truck Mini 8 gives you unrivalled versatility and navigability regardless of the material it is carrying.

It can make its way just about anywhere.

Can navigate anywhere thanks to its 4-wheel steering.
